

**For Your Reflection
following the
Guided Meditation on the Incarnation**
(Movement One)

The Trinity's Love Outpoured

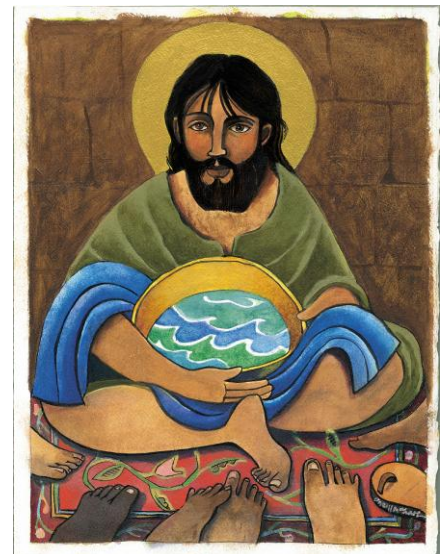

Having imagined our Triune God gazing on creation and the whole world with love and with profound concern, take time to ponder the Trinity's response to incarnate the Divine Word. God the Son takes human flesh and becomes Emmanuel, God with us!

As Sister or Associate, how are you being called to gaze on creation and the whole world with love outpoured in the very real moments of your everyday life?

Of what might you need to be emptied in order to be filled with this kind of love for every dear neighbor without distinction?

Jesus's Love Outpoured (Philippians 2: 1-11)

Jesus, Incarnate Word, chose the way of self-emptying love throughout his life pouring himself out in love and service to everyone he encountered in this wounded and broken world.

Artist: Brother Michael O'Neill McGrath, OSFS,
used with permission

As Sister or Associate, how are you being called to imitate Jesus by pouring yourself out in love and service to every dear neighbor you encounter in this wounded and broken world?

Of what might you need to be emptied in order to be filled with this kind of love for every dear neighbor without distinction?
